

303rd BG (H) Combat Mission No. 194

29 June 1944

Target: Erla Aircraft Components Factory, Heiterblick, Germany

Crews Dispatched: 36

Crews Lost: Lt. Roy, 8 KIA, 1 POW

Length of Mission: 7 hours, 55 minutes

Bomb Load: 10 x 500 lb G.P. M43 bombs

Bombing Altitudes: Group A - 25,000 ft; Group B - 24,000 ft

Ammo Fired: 0 rounds

Thirty-six aircraft, including one spare and a PFF B-17 from the 305BG, penetrated deep into Germany to bomb an aircraft components factory near Leipzig. The secondary target was an armament plant at Brandenburg, Germany. Seven aircraft returned early:

#42-97272 *Duchess' Daughter*, 359BS (**Moser**) - supercharger

#42-31183 *Bad Penny*, 359BS (**Carpenter**) - pilot car problem

#42-31177 *Lonesome Polecat*, 359BS (**Watson**) - fuel shortage

#42-31583 *Clover Leaf*, 358BS (**Stein**) - with 379BS that returned early

#43-37838 *Fearless Fosdick*, 358BS (**McConnell**) - failed to assemble

#42-39875 *Buzz Blonde*, 427BS (**Hamilton**) - No. 4 pump failure

#42-31060 *Poque Ma Hone*, 427BS (**Gallagher**) - high oil pressure and temperature

It was clear immediately over the target, but due to scattered 2/10 to 3/10 cumulus clouds in the area, the briefed IP could not be used and one was established further east. Dense, persistent contrails over the base at take-off made assembly difficult.

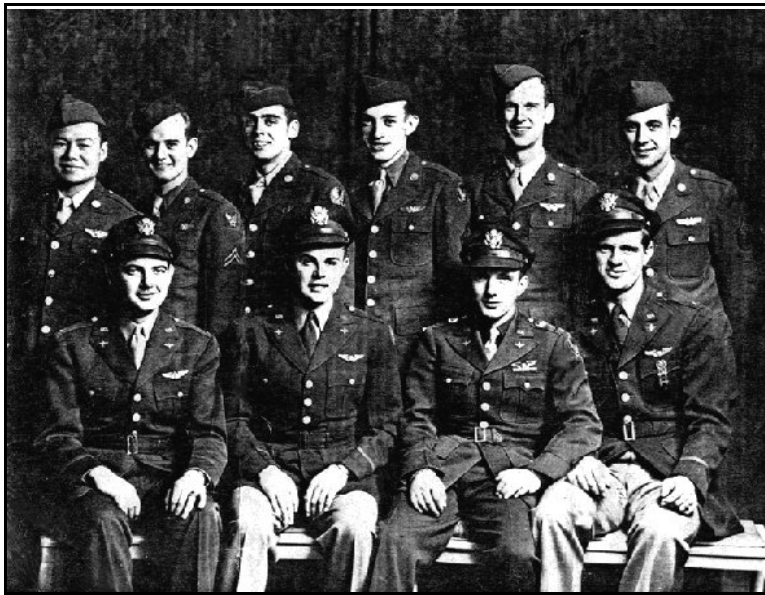

Twenty-six B-17s dropped 226 500-lb. G.P. M43 bombs on the target from 25,000 and 24,000 feet. Bombing was visual with fair results. No enemy aircraft were seen. Friendly fighter support was excellent. Moderate and accurate flak was encountered at the IP and it was intense and accurate at the target. Nine aircraft sustained major and sixteen, minor flak damage.

Woodcarving by William H. Adams

B-17 #42-97391 (*No Name*) 427BS, piloted by Lt. Chester E. **Flick**, crash landed at RAF Woodbridge. The rudder controls had been shot away and the brakes burnt out on landing. The B-17 swung around due to a cross-wind and collided with the Group's Oxford aircraft. The Fortress burned extensively. There were no casualties and the aircraft was salvaged.

Fortress #42-38051 *My Yorkshire Dream*, piloted by 2Lt. Arnold K. **Roy**, crashed at Zettweil, Germany. It was flying the No. 5 position, low Squadron, lead Group of the 41st CBW-B. Just before "bombs away," it received a direct flak hit at the waist windows. It broke in

ORIGINAL ARNOLD K. ROY CREW - 427th BS
 (crew assigned 427BS: 13 June 1944 - photo: Sioux City, IA - April 1944)
 (Back L-R) Sgt Chan K. On (TG-KIA), Sgt Leslie K. Black (BT-POW),
 Sgt Olaf F. Kahnert, Jr. (LWG-KIA), Sgt Leonard C. Cook (E-KIA),
 S/Sgt George N. Johnson (R-KIA), S/Sgt Joe Garrett (RWG)
 (Front L-R) 1Lt Leonard E. Weiss (B-KIA), 2Lt William P. O'Brien (N),
 2Lt Ralph E. Quint (CP-KIA), 1Lt Arnold K. Roy (P-KIA)

two, immediately went down, and blew up when reaching a lower altitude. No parachutes were seen. Sgt. Leslie K. **Black**, survived the crash and was captured by the enemy. Lt. **Roy**, 2Lt. Ralph E. **Quint**, 2Lt. Henry E. **Rafferty**, Jr., 2Lt. Leonard E. **Weiss**, Sgt. Leonard C. **Cook**, Sgt. George N. **Johnson**, Sgt. Chan K. **On**, and Sgt. Olaf F. **Kahnert**, Jr. were all killed in the crash. Lt. **Weiss** is buried in Ardennes American Cemetery near Liege, Belgium. Lt. **Rafferty** is buried in Lorraine American Cemetery near Moselle, France, and Lt. **Quint** is buried in Luxembourg City American Cemetery at Luxembourg.

From the book "25 Milk Runs" by Richard R. "Dick" Johnson

My diary for this day reads: "Leipzig, Germany (Hot place). Aircraft plant for Me-109s. Flak was intense, accurate. Lost another wing-man (Lt. Roy). direct burst broke him in two at waist. No one was seen to get out. Saw other planes go down. Some in flames. No more like this for me--thanks."

During our crossing of the North Sea we received a recall order and the 379th returned to base along with our "Clover Leaf." Our leader was not able to identify the sender of the recall order, even though it was given in authentic language, so we continued on the mission. It was a favorite trick of the Germans to send phony radio messages to try to disrupt our missions. It seldom worked, but today it was partially successful if that is what really happened.

Our group started with nineteen planes, but were down to fifteen before we even got into enemy territory. As we approached the IP, the message for visual bombing was received, and we started taking interval for group bombing. It was about this time that a direct burst of flak tore Lt. Roy's "My Yorkshire Dream" in half at the waist. We saw no parachutes, but found out later that the ball turret gunner, Sgt. L.K. Black, had managed to get out of his turret and snap on his chute while the plane was in its death dive. He later said that the bombardier managed to get out also, but his chute didn't open properly. Sgt. Black said that 1st Lt. L.E. Weiss went past him with a "streamer" and was never able to open the chute properly. Sgt. Black was the only survivor of this ill-fated B-17.

The crew of Lt. Roy were on about their sixth mission. In two days, there were eight empty bunks in our barracks. This is what really brings it home to you. In the combat area when a plane went down, my reaction was, "Thank God I wasn't over there." It was later that it hit me that they were truly gone.
